

the twins Bartosz & Bernard

Hello Edio!

11.03. I wrote to Master Phan Hoang e-mail about very happy and great moment in my life. 06.03.09. in Warsaw were born my 2 sons, the twins Bartosz & Bernard (look at date: 3, double 3 and triple 3 - theory of numbers :)). My wife made a great job, although there were some troubles and complications. Now she feels good, kids too. We are so happy :). Master suggested, that I write to You about this event, and You maybe have a time and will create some news in our VOVIET COMMUNICATION :). Will be wonderful. You know, sometimes are a moments in our life, that we have a desire to do something crazy, jump for happiness or shout very loudly to all over the world :))). Now children have 1 week and my happiness don't pass away. So I would like to impart news to my friends from VOVIET FAMILY.

Best regards,
Tomek.

P.S.

I send You pictures from hospital and home :)
